SPIN MOP

LV-A04

360°

MOP HANDLE

The 3 sectional handle is made of high quality stainless steel material, that extends up to 125cm.

DETACHABLE WRINGING BASKET

The presence of a wringer basket ensures that no water splashes out, channelling it exclusively into the bucket and leaving behind a delightful, clean sensation without any undue spatter.

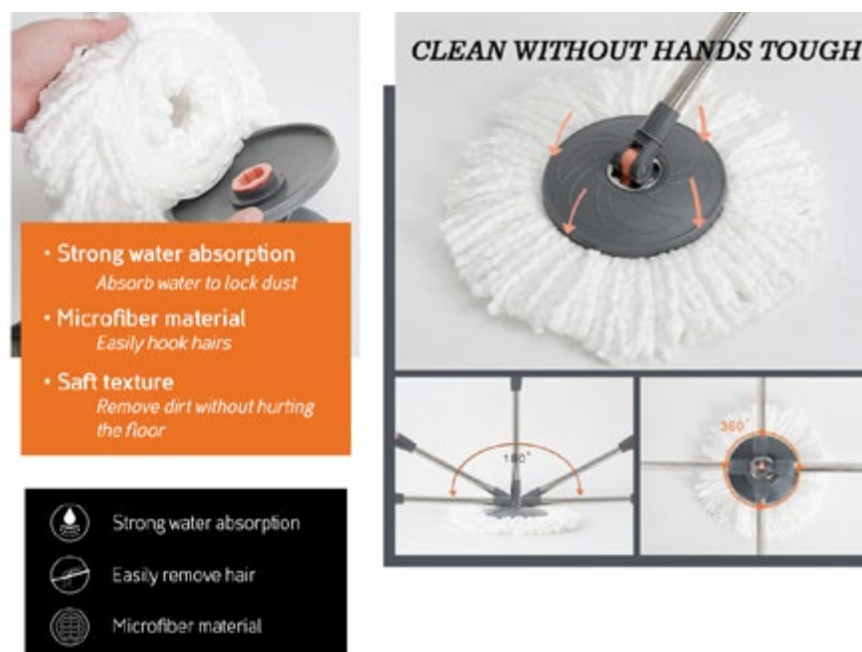

MOP HEAD

The 360° spin mop head ensures efficient stain removal by effortlessly accessing corners and reaching under furniture for thorough cleaning. Easily wring out with just a gentle downward pressure.

MICROFIBER CLOTH PAD

Reusable and washable, exhibiting superior water absorption properties and suitable for both wet and dry use.

ALL HARD FLOORS

REFILL AVAILABLE

WITH JUST WATER®

FLAT MOP

LV-F04

360°

2-IN-1 WASHING AND DRYING BUCKET

Separate clean and dirty water, more environmental cleaning method.

110-130cm

WATER SEPARATION BUCKET

Dual chamber system that effectively separates clean from waste water.

MOP HANDLE

The mop handle is made of high quality stainless steel material, which can stand much pressure than other plastic poles.

MOP HEAD

The square design of the mop head allows it to fit into right-angle wall gaps without missing any sanitary dead corners. The mop head may easily revolve 360 degrees.

Instead of kneeling on the ground to use a hand wiper, you can clean the floor while standing up.

MICROFIBER CLOTH PAD

These pads have the ability to quickly absorb water, effortlessly hook hair, and gently remove dust, making them safe for use on any type of floor.

- The high-quality microfiber material ensures effective cleaning without causing damage.

- Washable & reusable microfiber pads.
